Mr. Nelson C. Eaton

An administration change has taken place on many levels. The highest possible office in the United States was vacated. We have had an administrative change-over in our own school. Mr. Eaton, our former principal, was appointed superintendent of the Elkhart County Schools.

Mr. Eaton has had twenty-seven years of experience as a teacher and principal. He taught mathematics and physics here in 1948. When Mr. Gerber retired as principal in 1949, Mr. Eaton filled the vacancy.

During Mr. Eaton's administration our school has undergone many changes:

Senior trips were started in 1949. Many other educational trips have been added. Among these are biology trips, State Fair, State Legislature, court, and the science trip to Chicago.

The chemistry and biology lab rooms have added new equipment and improved in many other ways. In addition to this, the building was expanded to include the new gym, rooms 1, 2, 3, 23, 24, 25, 26, and the farm shop. Another new addition was started in 1963. This new addition has six rooms; a choir room and five grade rooms.

We, the Class of 1964, wish to extend our thanks and congratulations to Mr. Eaton, who has helped us so much through our years of school.

WAKARUSA COMMUNITY SCHOOL

OFFICE OF THE PRINCIPAL

Wakarusa, Indiana

May 22, 1964

may your success be a great as a senior Ralph B. Ferguson

The program of Wakarusa High School is concerned with more than the accumulation of knowledge. It is the development of interests, appreciations, and attitudes and the functioning of these elements in everyday life that is included in our over-all school program. Preparation for college can no longer be considered an adequate offering, although this is considered an important function of our school.

The quality or atmosphere of our school is ever present; school spirit needs no introduction. There is no absolute measure for either, but with their presence, the learning processes are easy. It is only with the cooperation of the students, the teachers, and the administration that our school has made progress and will continue to move forward.

Many roads ahead —

Many to conquer

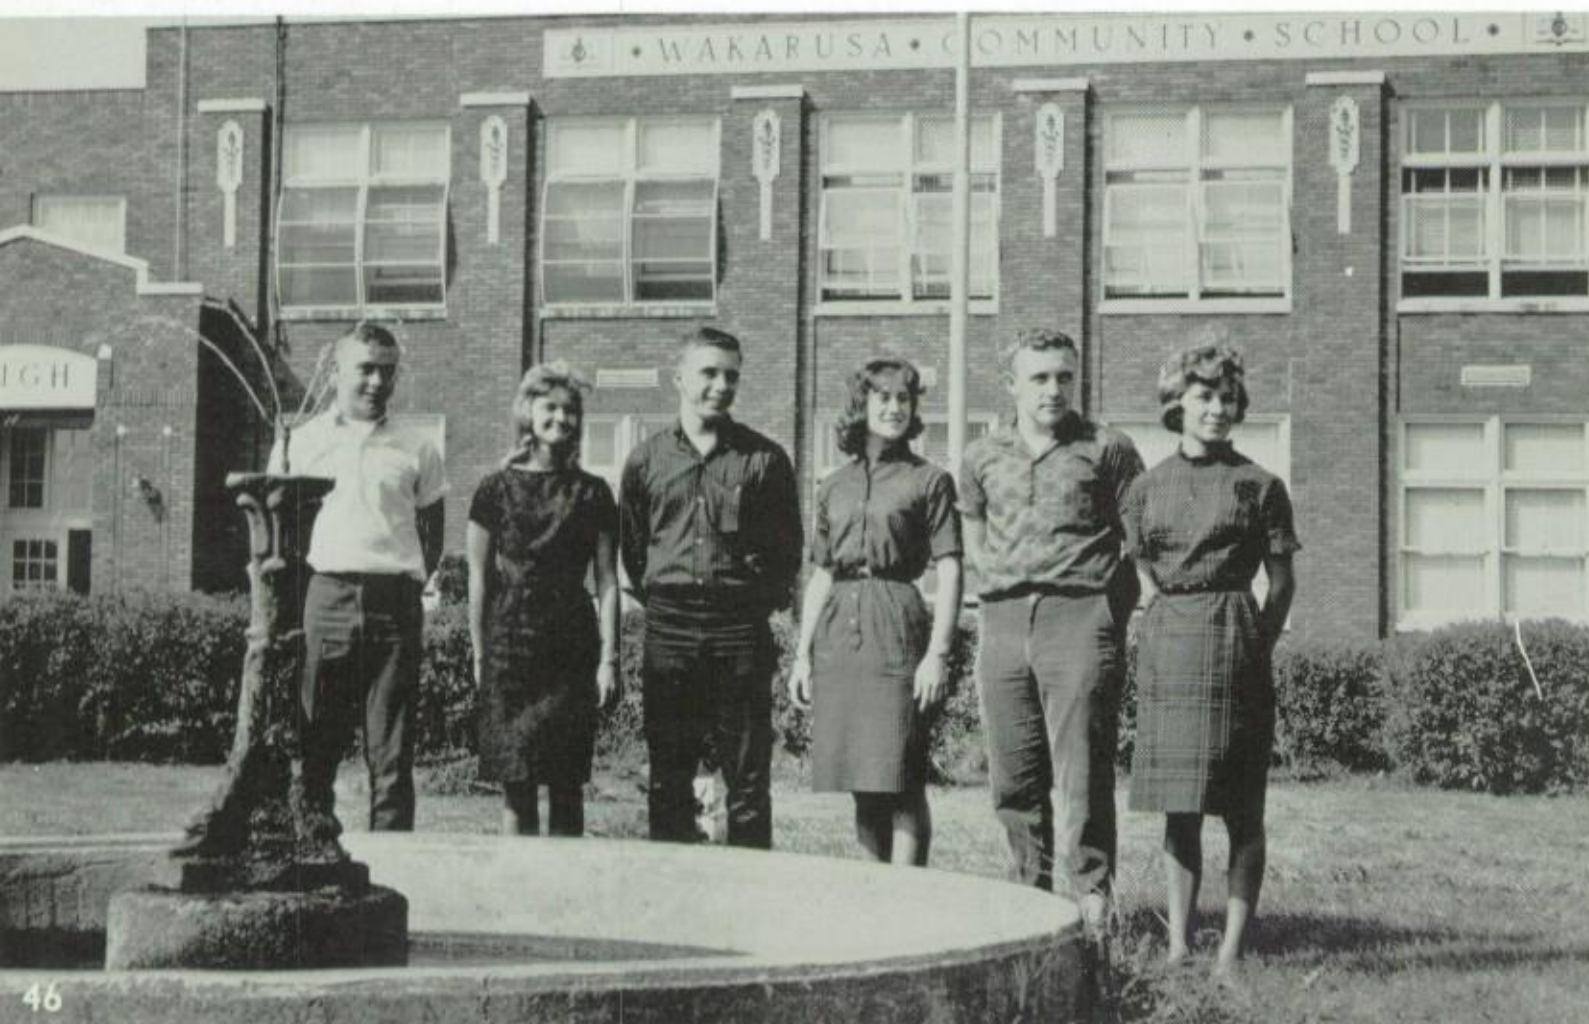

Mr. and Mrs. Nelson, Derald, Ardis, and Craig.

We the Class of '64 wish to express our deepest appreciation to you, Mrs. Nelson, for all the help you have given us through our high school years.

To the Class of '64:

To say I have thoroughly enjoyed our association would certainly be an understatement. I can't think of you as just a class or a group; you are fifty-three separate individuals, each with your own very special characteristics—and idiosyncrasies which combine to make you the people you are.

I hope each of you will set for yourself a constantly elevating goal, one that will always be a challenge but never be so high as to cause discouragement. If you will always do the best you can, you will never have reason to be anything but proud of yourself, whether you're on the farm, in a factory, in a laboratory—or in a space capsule headed for the moon. There are "Many roads ahead—many ways to conquer" all waiting for you.
